TWIST

CENTURYLINK

The new CenturyLink is your link to what's next.

Our extensive network reach, significant local presence, and innovative technology solutions combined with an experienced team of employees, and relentless focus on the customer experience create a powerful choice for enterprise, government, and wholesale customers globally, and consumers nationally.

The new CenturyLink is equipped to serve customers with reliable, flexible and secure connections - where, when and how they need them.

Here's who we are by the numbers:

Approx. 450K route miles of fiber globally
Approx. 360K international route miles
100K plus on-net buildings
52,500 employees globally
More than 60+ companies and counting
$24B in annual revenue (trailing 12 months ended 6/30/17)
75% of our combined revenue is generated from business customers
